## **Congratulatory Letter**

Dear Faculdade EBRA MEC (Brazilian College of Chinese Medicine),

I am glad to hear that the first acupuncture program students in your college have successfully completed their studies. On behalf of World Federation of Acupuncture-Moxibustion Societies (WFAS), I would like to extend its warmest congratulations to all graduates!

With the unwavering leadership of Dr. Reginaldo Filho and the dedication of all teachers, the Faculdade EBRA MEC has made important contributions to cultivate acupuncture talents in Brazil. For this, I would like to express our respect and thanks to your teachers and students for their outstanding efforts to promote the inheritance and development of acupuncture and moxibustion medicine in Brazil and even South America! As a Brazilian college for training professionals in traditional Chinese medicine, the birth of the first acupuncture program graduates is an important milestone of traditional medical education in Brazil, which injects new vitality into the development of the global acupuncture and moxibustion discipline.

As a member society of WFAS, Faculdade EBRA MEC always actively participates in academic activities of WFAS. In the future, I look forward to strengthening exchanges with your college, jointly building an international acupuncture and moxibustion education platform, promoting acupuncture and moxibustion research innovation and clinical practice experience sharing.

Finally, I wish the graduation ceremony of the first acupuncture program of the Faculdade EBRA MEC a complete success, and I wish the Faculdade EBRA MEC a brilliant future!

Prof. Liu Baoyan,

President of World Federation of Acupuncture-Moxibustion Societies (WFAS)
